**Ownership Information and Request for Confidential  
Treatment of Organization Chart**

The names, addresses, citizenships and principal places of business (“PPBs”) of entities and persons that directly or indirectly own at least 10% of Cebridge are listed in the detailed organization chart being provided on a confidential basis separately to Commission staff via email, pursuant to staff’s instructions, unless otherwise indicated below. Staff are being provided the confidential information in an organization chart that shows the ownership structure (including ownership percentages) of Cebridge and all telecommunications affiliates, all of which are privately held. The ownership structure of these private companies is not routinely made available for public inspection and therefore, constitutes trade secrets and proprietary commercial and financial information. Disclosure of this information would result in substantial competitive harm to Cebridge because it would reveal non-public information regarding Cebridge’s financial backing. As such, Cebridge requests that the Commission withhold the organization chart from public inspection under Sections 0.459 and 0.457(d) of the Commission’s rules.<sup>1</sup>

As shown on the organization chart, GS Capital Partners 2000, L.P., OCM Principal Opportunities Fund II, L.P. and PAR Investment Partners, LP hold significant interests in Cebridge Holdings. Each of these entities is a private investment company.
